

Intermediate Language Tasks

Week 2	Activity
Monday April 20	Listen to the lyrics of your favourite song. Talk about what is the message of the song. How does the artist use their lyrics to convey their message?
Tuesday April 21	Interview a family member about their life, about an experience they had or something they know a lot about. Record their main points with jot notes. Decide how you might share what you learned with others, for example retell to someone else, write an account, create a timeline.
Wednesday April 22	Create a commercial to show how to properly wash your hands. If possible perform for your family, or record to show your friends when you return to school.
Thursday April 23	Write a review of your favourite board game or video game.
Friday April 24	Write out the recipe for your favourite meal. Include pictures and simple instructions to help younger children understand the directions.
